

All that Laser Technology

Laser Korea 2023

The 13th International Laser Technology Exhibition

2023. 7. 5(Wed.) ~ 7(Fri.), KINTEX Exhibition Center I

Hosted by Ministry of Trade, Industry & Energy
Organized by Korean Society of Laser Processing, Nano Technology Research Association
Supported by Korea Institute of Machinery & Materials, Optical Society of Korea, Korea Association for Photonics Industry Development,
Korea Physical Society, Korea Photonics Technology Institute, Korea Institute of Industrial Technology

Features of LASER KOREA

Global Business Exhibition for Advanced Laser Technology

All that Laser Technology

LASER KOREA is a new technology convergence exhibition covering a total of 9 new technology fields ranging from adhesive coating film tech to nano tech, advanced ceramics, sensors, laser tech and surface treatment tech, and synergy effect is significant.

Meet Global Buyers at Exhibition

LASER KOREA invites key buyers from major foreign countries such as the United States, Japan, Germany, and China to support participants' global business. In particular, you can meet a variety of foreign buyers by inviting major European countries, which are

Showing Latest Trend in Future Industry

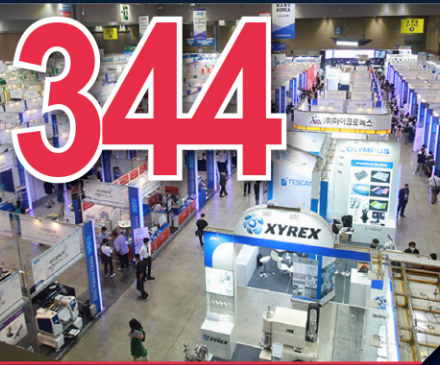

LASER KOREA organizes and operates special pavilions and programs that reflect high-tech technology issues and trends required by the demand industry. In 2023, we will look at trends focusing on future industries such as aerospace and bio, etc.

Overview	Event Name	LASER KOREA 2023 The 13 th International Laser Technology Exhibition
	Date/Venue	JULY.5~7, 2023 / KINTEX Exhibition Hall in KOREA
	Scale	20 Countries 400 Exhibitors / 50 Countries 12,000 Visitors

Purpose: New technology business

What is different?

Global Buyers & Exhibitors Coming Back

Global Buyers

Invite major buyers from Japan, the United States, Germany, and Korea to provide multinational business opportunities

Business Meeting

Provide opportunities to discover global buyers through various programs

Networking Reception

Global network reception with exhibitors and buyers

All-Round Promotions for Exhibitors

Online Protmotion

Online promotion for potential customers through various open channels such as YouTube

Global exhibition Portal Promotion

Promoting through global exhibition portals such as Showala (Korea), AUMA (Germany), and IAEE (USA)

Leading Media Promotion

Promoting in all directions through leading media in Korea (Etnews, Digital Times, etc)

Exhibitor & Visitor

Who will Exhibit?

LASER KOREA will be exhibited by leading companies and research institutes with high-performance laser oscillators, processing technology equipment, and instrumentation and analysis equipment. Join LASER KOREA to increase your brand and explore new business partners.

Who will Visit?

Customers visiting to LASER KOREA are looking for laser processing technology, products, systems, and solutions to secure the company's competitiveness in a time of rapid change. Promote your company's excellent technology/product at LASER KOREA.

Participation Guideline

Application Information

- Early Bird (A) : until December 21, 2022 (12% Discount)
- Early Bird (B) : until February 28, 2023 (10% Discount)
- General : until April 30, 2023

Participation Fees

Unit : USD

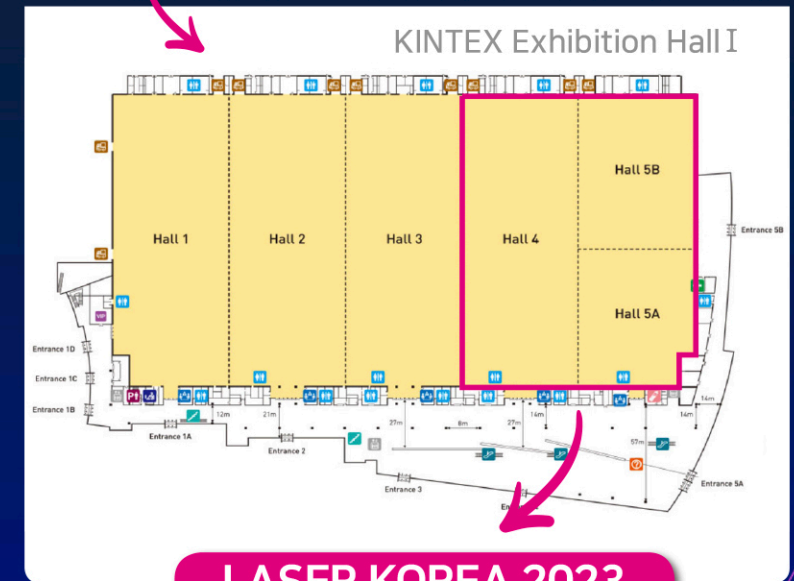

Division		Early Bird A (~'22.12.21)		Early Bird B (~'23.2.28)		General (~'23.4.30)	
Booth type		Shell Scheme	Raw Space	Shell Scheme	Raw Space	Shell Scheme	Raw Space
Company	General	2,376	1,936	2,430	1,980	2,700	2,200
	Member	2,112	1,760	2,160	1,800	2,400	2,000
University, Laboratory and others		2,112	1,760	2,160	1,800	2,400	2,000
Note		12% off		10% off		-
